

davis drive rapidway

4 prospect street to huron heights

Hydro poles

Pedestrian / vehicle cross section

- This is a preliminary artistic rendering of Davis Drive's future streetscape after the road widening construction is complete.
- Zoom in to see where the new hydro poles will go.
- **Please note:** The new hydro poles will be placed approximately 3 - 5m from the existing curbs in the lands acquired by YR. In some cases, new hydro pole locations may be in boulevards and/or parking lots.

This is not a construction drawing.
