Project Name Yonge Subway Extension Transit Project	
A. Site Address – Street Information (applies to an address that has civic numbering and includes street number, name, type and direction) Yonge Street - Finch Station to Richmond Hill Centre	Unit Identifier (identifies type of unit, such as suite and number)
Non-Address Information (includes any additional information to clarify physical project site location) An underground 6.8 km, 6 subway station extension of the Yonge Subway	

**B. Brief Project Description**

Extension of the Yonge Subway from its current terminus at Finch Station in the City of Toronto to a proposed terminus in the Richmond Hill Centre. Stations include Cummer/Drewry Avenue, Steeles Avenue, Clark Avenue, Royal Orchard Boulevard, Langstaff/Longbridge Road, and Richmond Hill Centre. Intermodal bus terminals will be provided at Steeles Station and Richmond Hill Centre Station. The Transit Project follows the Yonge Street right-of-way to south of Highway 407. The subway terminus north of Highway 407 is centrally located in the Richmond Hill Centre, approximately 240 m east of Yonge Street and 440 m north of Highway 7. The subway tunnels cross under Hydro One's high voltage transmission corridor which parallels Highway 407. A commuter parking lot, as well as passenger pick-up and drop-off facilities, will be located on the Hydro One / Ontario Realty Corporation lands south of Highway 407, west of Yonge Street. Property and an easement will be required from Hydro One / ORC as part of the undertaking.

To address concerns raised late in the process, the proponent made some minor revisions to the EPR after the Notice of Completion of the EPR was issued.

This Statement of Completion is to inform interested parties that the proponent intends to proceed with the transit project in accordance with the EPR – as modified based on public and agency comments received during the review period. Please see the summary of modifications attached.
